

# A GUIDE TO CLANDESTINE DRUG LABORATORY ASSESSMENT & REMEDIATIONS

A guide for property occupants, owners and contractors to **help protect occupant health and well-being** as well as **mitigate losses** (time, money, reputation), and also serve to prevent litigation and reduce settlements on claims.

## Remediator

- Conducts cleanup works
- Has undertaken training and assessment from registered educators

## Indoor Environmental Professional (IEP)

- Professionals concerned with quality of indoor environments
- Hold qualifications from accredited institutions and bodies
- Conduct assessments of a range of indoor environmental factors including:
  - Lighting
  - Mould and moisture ingress
  - Clandestine drug laboratories
